

DYNAPAC

Part of the Atlas Copco Group

PART LIST

Dynapac Paver Model: F1000W T4i

Serial Number (Up to): 2008US7897

**Read the instruction manual before operating this equipment.
This manual contains important safety information.
Do not destroy this manual.
This manual must be available to the personnel who operate and maintain this machine.**

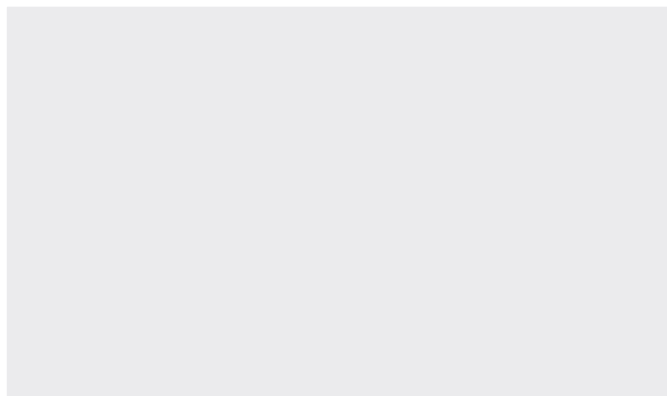

We reserve the right to change specifications in this catalogue without notice.

For special spare parts and
wear parts campaigns,
please contact your local
Dynapac dealer.

Your Dynapac Dealer:

Dealer No.	Dealer	Order No.	Delivery Date
Paver Type		Paver PIN	
Screed Type		Screed Serial Number	
Engine		Engine Serial Number	

Please note the following:

Be sure the parts book which you are ordering parts from is the parts book for the machine needing the replacement parts. Each parts book is custom made to a specific machine. All parts books have a serial number in the footer of each parts page. All machines have a serial number stamped on the Identification Plate mounted on the machine.

You must use the correct parts book to ensure correct parts identification.

Continuing product improvement and advancement of product design may cause changes to your machine that may not be reflected in this parts list. Production models may vary in some detail. Dynapac USA, Inc. reserves the right to modify or make changes without notice or obligation.

When ordering spare parts, please clearly state the following details:

1. Serial number of the machine.
2. Type and number of the screed for finishers.
3. Number and description of the spares.
4. Quantity of each spare.
5. Method of dispatch desired.
6. Address, destination, and railway station.

Giving complete information will all for correct order fulfillment and avoid unnecessary delays.

Use only original spare parts on Dynapac equipment. No warranty will be accepted if other spare parts are used.

Contact your Dynapac equipment dealer/distributor with any further questions. They will be able to give you the best and fastest service of genuine replacement parts.

To California customers and to customers selling diesel engine equipment into or for use in California:

California Proposition 65 Warning

Diesel engine exhaust and some of this constituents are known to the State of California to cause cancer, birth defects, and other reproductive harm.

We reserve the right to change specifications in this catalogue without notice.

How to use this book:

This book is broken down into major components of the paver. An assembly drawing preceeds the part list for each assembly.

Table of Contents

Several different levels of each assembly are available in the Table of Contents. Subsequent levels are indicated by their indentation on the table. When viewing the parts list electronically, click on an item or page number on the Table of Contents to view that page. The portion of the book that includes the drawings and part lists also has a button on the bottom left corner of each page. Click this button to return to the first page of the Table of Contents.

Drawings

Assembly drawings preceed related part list tables. The reference number indicated on the drawing corresponds to the same item number on the following part list table. Section views may be used to help show detail on larger or more complicated assemblies.

We reserve the right to change specifications in this catalogue without notice.

How to use this book (continued):

Parts Lists

Reference numbers listed in the left column of the list correspond to the reference numbers listed in the drawing on the previous page. Items without reference numbers are components of the previous item in the list with a reference number. These subassembly components are also indicated by having a dash in front of their description. The Notes column indicates on which page that more detailed information regarding that assembly can be found. When viewing this book electronically, click on the note to view the indicated page.
